All applications are handled in the strictest confidence.

## Do you . . .

- Want to be part of an innovative and caring team of people who really care for the aged and tirelessly strive to provide the residents with quality care and superior services?
- Want to be recognised for your efforts and supported in the activities you perform?
- Want to work in high standard, accredited aged care facilities throughout Australia that each have a reputation for excellence?

Can you imagine a place where you have input into the residents care needs....

## Welcome to our World

## What are we passionate about ?

We are passionate about our “Caring for the Aged” philosophy which acts as a core driver and directs everything we do.

We are passionate about creating a great team environment where each person is proud of what they do and who they work for.

We're passionate about offering every employee work challenge, career development and reward at every facility across Australia.

We truly believe that nurses who care for the elderly are incredible people and thus always try to use your ideas and suggestions to improve our systems.

## What makes us different ?

We provide the nurse ratios you need to give the care you became a nurse for.

We provide a variety of on the job training and career development opportunities.

We are always trying to reduce paperwork with our efficient documentation system.

We provide a strong and supportive nurse management team who understand the day to day requirements and challenges of aged care nursing.

We ensure you have the correct support, equipment and supplies to do your job.

We have a no lift policy and provide the right equipment and training so you really don't have to lift.

We offer the opportunity to work across multiple sites on a casual or part time basis.
