

ACSAG

Aged Care Services Australia Group

WE
CARE

CARE UNDERSCORES
EVERYTHING
WE DO

ACSAG WAS STARTED IN 2005 BY AUSTRALIANS WHO DREAMED OF **A BETTER STANDARD OF AGED CARE**

Aged Care Services Australia group was born out of a burning desire to provide a better standard of aged care for our elderly population.

In a relatively short time that passion has seen us grow to be one of the largest owner operators in Australia with currently 43 accredited facilities caring for over 3,000 residents.

Our aim is to provide the kind of care that we ourselves would want for our own family and loved ones.

WHATEVER THE CARE YOU NEED

IT WILL ALWAYS BE THE BEST CARE

At Aged Care Services Australia everything we do always comes back to care.

This is true across our range of services; including dementia care, respite care and additional services such as our wellbeing services and Japara signature programs.

Our additional services have been designed to further enhance our resident's experience and accommodate their individual needs and wishes.

We are passionate about the individual attention our residents receive, which is why we are committed to best practice and above industry staffing levels.

We are also committed to delivering a large number of services* – such as laundry, podiatry and physiotherapy, and we can also organise access to other services* such as audiometry, audiology, dentists, dental technicians, dietitians, speech pathology, and hairdressing to name a few.

*some charges may apply

Residents can also retain their own doctor (for resident history and continuity), or we will introduce you to caring doctors and specialists who visit our facilities.

We are also proud to offer a wide variety of fun social activities which all adds up to a caring and enriching experience for all of our residents.

In short, from every conceivable angle, our focus is on the very best of care and services.

WE CARE ABOUT FOOD

Quality freshly cooked food is a passion of ours at Aged Care Services Australia Group, and all food is cooked on-site in our kitchens with a focus on our resident's dietary requirements, health and great tasting meals.

We provide beer, wine, sherry, port at scheduled 'happy hours' and other programmed events.

Japara signature residents and those who have chosen enhanced dining from our wellbeing services also enjoy additional menu choices.

WE'RE IN THE TOP 5

AGED CARE PROVIDERS IN AUSTRALIA

We're one of the largest aged care providers, however we also continually strive to be one of the best.

Our size and strength helps us to deliver constantly improving standards of care, developing new state of the art facilities and investing in training our people.

This ensures that right across all our facilities, our staff members are incredibly caring professionals who are kept updated with current knowledge and best practice procedures to provide the very best care for your relative or loved one.

WE BELIEVE IN GOING BEYOND

AGED CARE COMPLIANCE STANDARDS

All 43 of Aged Care Services Australia group's aged care facilities consistently achieve 44 out of 44 aged care accreditation outcomes.

However, at Aged Care Services Australia group our focus is to go beyond the accreditation standards and offer our residents the very best care.

WE BELIEVE IN INNOVATION

BECAUSE IT LEADS TO A
BETTER STANDARD OF CARE

At Aged Care Services Australia group we believe in innovation and improvement in the aged care sector, and are committed to the improvement of standards both at our own facilities and across the aged care industry in general.

Aged Care Services Australia group is proud of our ongoing collaboration with large universities in research projects that contribute to the enhancement of care and wellbeing of residents. Additionally we provide practical experience to Nursing students, thus helping raise the quality of nursing in the aged care sector.

Aged Care Services Australia group will also continue to develop new facilities with state of the art high quality accommodation to ensure improved standards of care for our residents.

WE'RE
FOCUSSED
ON THE
FUTURE
OF AGED
CARE

**THE STRENGTH
OF ACSAG.**

**THE INDIVIDUAL
CARE OF A
LOCAL FACILITY.**

We are confident that an ACSAG facility will meet your total needs.

If you would like to find out more information please see details of our 43 locations.
